1

Showroom

How do you classify
a showroom, where
merchandise is
displayed but no
sales occur?

2

Clerical office

Within the showroom there
are clerical work stations that
are separated from the
showroom by partitions.

Employees who work a these
desks also assist customers in
the showroom, how should
they be classified?

3

Another showroom

What if the
showroom is
outside?

4

The Showroom

- A clerical office is a work area separated from all other work areas of the employer by floors, walls, partitions, counters, or other **physical barriers**. Work areas where inventory is located, **where products are displayed for sale**, do not meet the definition of a clerical office
- Merchandise is displayed but products are not purchased from the showroom
 - Doors, windows, countertop, cabinets – 8235-Sash/Door Dealer
 - Shower stalls and plumbing fixtures – 8111 Plumbing Supplies Dealer
 - Carpeting, lighting fixtures- 8017 Retail Store
 - Spa, hot tubs, furniture, appliances – 8044 Store: Furniture
